English

Game is good, but Very hard. i mean , there could be places for where to place a puzzle in a current shape , that would make the game a lot better , also please add this feature to Anime puzzles.. Just a bunch of puzzles based on images from one of their earlier titles. There are quite a few puzzles in the pack, but the biggest is 350 pieces, so it's only good for quick and easy play. The pack is free for those who already own the game it's based on (Pixel Puzzles 2: Anime).
